2023

UI/UX DESIGNER / WEB DESIGNER

UPWORK FREELANCER (APRIL 6 - JULY)

User Interface Designer in MegaPower Renergy Battery Company (United Kingdom)

2022-23

UI/UX DESIGNER

COMMISSIONED BASED

As a designer working on elearning course development, my role was to create visual aids and other learning materials using tools such as Figma and Photoshop. I used your design skills and knowledge of instructional design principles to create high-quality learning materials that supported the goals. I have worked on projects for clients such as Capstone Projects.

2021-23

Video editor

COMMISSIONED BASED

As a Video Editor I was responsible for editing captivating videos. These tasks likely required a strong eye for aesthetics and proficiency in cinematography. Overall, my role involved creating visually appealing and effective content for social media platforms.

EDUCATION

(2016-2019) AGUSAN DEL SUR NATIONAL HIGH SCHOOL

Graduated from Agusan Sur National High School, with a Best Director and Best Researcher Award. Demonstrated strong academic performance and a commitment to education.

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY (2019-2023) AGUSAN DEL SURE STATE COLLEGE OF AGRICULTURE AND TECHNOLOGY

Graduated with a Bachelor's degree in Information Technology from Agusan del sur State College of Agriculture and Technology. Seeking opportunities to leverage academic knowledge and technical skills in a challenging work environment.
